Suntex

GLOVES INDUSTRIES

The rise of Suntex Gloves Industries epitomizes a true success story. Company is Located in Pakistan Industrial Hub Faisalabad. Also Known as the Manchester of Pakistan". Suntex Gloves Industries is an integral part of this business community. Continuously striving to revolutionize business practices in region.

Suntex is complete vertical unit with all processes ranging from knitting to Packaging and it employs a centralized computerized system which handles all aspects of operation. We ensure quickest possible turnover of shipment with strict compliance to our customer specifications.

Year Established 1978

ERP SYSTEM

ERP is a comprehensive Enterprise Resource Planning (system) that offer's Suntex Gloves Industries to operate all operations like Sampling or Product Development, Inquiry, Export Documentation, Complete Production flow (process wise, article wise)

Accounts, Store Inventory, Finance, Human Recourse Management and Machine Management with controlled and back track follow up from root of problems on "JUST CLICK"

Minar e Pakistan Lahore

QUALITY PARAMETERS

We follow General Quality Inspection Level II (two). And according to lot size we follow Letter code to take sample size and for acceptance quality limits we follow 2.5% for Major & 6.5 % for Minor faults for taking decision of acceptance and rejection of lot. Further we have to make list of minor and major defect list with our customer consent.

SAMPLE SIZE CODE LETTERS			Acceptable Quality Levels (Normal Inspection)												
Lot Size	General Inspection Levels	Sample Size													
			0.065	0.1	0.15	0.25	0.4	0.65	1	1.5	2.5	4	6.5	10	15
2 to 8	A	2													
9 to 15	B	3													
16 to 25	C	5													
26 to 50	D	8													
51 to 90	E	13													
91 to 150	F	20													
151 to 280	G	32													
281 to 500	H	50													
501 to 1200	I	80													
1201 to 3200	K	125													
3201 to 10000	L	200													
10001 to 25000	M	315													
25001 to 50000	N	500													
50001 to 100000	P	800													
100001 and over	Q	1250													
Over	R	2000													

SIZE CHART

Buyer should give their size chart or follow the company (Suntex) size chart which is in accordance with EU norm for General gloves not for all category gloves.

Most important thing is the dimensions or measurements of the glove size must be according to thickness of the fabric or material for example the size dimensions of 150 GSM fabrics cannot be wearable in fabric of 300GSM. Even the pattern is different.

So, according to our opinion the EU standard size chart are not fit for all category styles. We can just base them from 70 TO 170GSM Fabrics.

Glove Size	Fits Hand Size	Hand Dimension (mm)		Minimal Glove Length
		Palm Circumference	Length	
6	6	152	160	220
7	7	178	171	230
8	8	203	182	240
9	9	229	192	250
10	10	254	204	260
11	11	279	215	270

Ultrasonic Sealed Gloves "FPG"

PRODUCTION
CAPACITY

The innovative is ultrasonic sealed gloves the machine used for the production of gloves, the entire production are fully automated, time saving and produce stable quality product.

The product can be based on user needs, a production of multiple gloves at the same time, the efficiency can be increased several times.

It is equipped with CNC program control and automatic tension control system. Moreover, the machine is made up of aluminum alloy structure, sturdy and perfect.

High-quality electronic control system to ensure continuous operation, especially for customer's mass production.

Advantages

- More focus on quality
- Stain free
- Oil Free
- Ink Free
- Hair free
- Best suitable for food processing/food handling
- Time saving
- No Size Variation

Production Capacity 2.5 Million Pairs/Month

The ultrasonic sealed & cut machine production capacity is 2.5 Million Pairs/Month for year 2019.

Next year will be adding 1.5 Million pairs/ Month

Thanks for visiting our catalogue we hope you had enjoyed our catalogue in which we tried to describe our company completely including profile, certificates and products etc.

Our preference is to do business in a long run relationship.

We describe our feeling in simple words as

“Work with the customers in such a way that they feel as their own production in Pakistan named Suntex”

Hopefully looking forward to see your co-operation
